

HAND PUMPS

- ◆ Carry handles for portability.
- ◆ Titanium Aluminum Alloy body for light weight, corrosion resistance and high strength for all models except GP-121, GP-123, GP-462 and GP-464.
- ◆ Professional choice for wide range of industrial applications.
- ◆ Large oil capacities to power a wide range of cylinders and tools.
- ◆ Two speed pumps provide fast pumping to meet the load of tools & cylinders.
- ◆ Internal pressure relief valve for overload protection.

Part No.	Usable Oil Capacity (cm ³)	Pump Type (Stage)	Pressure Rating (bar)		Weight (kg)
			1st Stage	2nd Stage	
GP-121	900	Single	-	700	8.7
GP-123	2500	Two Stage	30.0	700	17
GP-392	901		13.0	700	6.3
GP-80	2200		25.0	700	8
GP-84*	2200		25.0	700	10
GP-462	7423		25.0	700	27.8
GP-464*	7423		25.0	700	27.8

* Double Acting Pump.
