

POWER PACKS FOR HYDRAULIC TORQUE WRENCHES

Hydraulic Torque Wrench Pumps - Electric & Pneumatic

- ◆ Working pressure : 70 ~ 700 bar.
- ◆ The pressure can be adjusted precisely.
- ◆ 2-stage pump, quick retract and highly efficient.
- ◆ 2 to 8 Oil output, 1 to 4 hydraulic wrenches can work simultaneously.
- ◆ Oil tank volume : 3.7 to 9.5 Ltr. capacity.
- ◆ Special twin hose with quick coupling.
- ◆ Can be operated by remote control.
- ◆ Cooling system inbuilt in specific models.
- ◆ Power Pack can be available with higher flow rate.
- ◆ Fan cooled heat exchanger optional can provide on request.

Part No.		TEP-109	TEP-111	TEP-114	TNP-111	TNP-114	TNP-81
